Welcome to Umeå Jazz Festival that through tradition, new creations, creativity and accessibility offers a selection of the most prominent jazz musicians of our time in Sweden and abroad. In addition to that: children's concerts, workshops, clinics and seminars.

We open up with a concert at the Tegs Church on Tuesday evening with the great organ improviser Gunnar Idenstam and continue on Wednesday together with Midgårdsskolans young talented music students at NorrlandsOperan.

On Thursday you can hear the new music composed by Finnish Iro Haarla together with the NorrlandsOperans Symphony Orchestra and later the same evening another strong female artist: AnnSofi Söderqvist Jazz Orchestra at the StudioJazz in Folkets Hus.
