

[John Etheridge Trio Sun 3 February](#) [1]

Undoubtedly one of the best guitarists in the world, John Etheridge is a prodigiously gifted and creative player whose approach to music can only be described as 'eclectic'. He refuses to accommodate or even acknowledge artificial musical boundaries so his performance tonight will, as ever, be full of surprises -- of the best kind! A regular visitor and great friend to Cambridge Modern Jazz John opens our Early Night Sundays season as he did our first ever gig at Hidden Rooms. A good omen if ever there was one! Supporting John tonight are Pete Whittaker (organ) and Mark Fletcher (drums).
